

Sponsorship Opportunities

There are three ways to sponsor a student participating in our Summer Design Challenge. All sponsors will be listed on promotional material and highlighted at our public community presentation.

1

Sponsor An Intern at Your Firm or Organization

By sponsor-hosting* one of our students as a Friday intern for the month of June, you will provide real-world professional development for participating students and benefit from an intern with newly acquired design skills. All student-interns will receive mentoring from Community Design Studio on their particular internship assignment. If you'd like to extend your intern's engagement through July and August, we can match you with a student with the same availability and interest.

2

Non-profit Internship Placement

Your sponsorship could be used to help an area non-profit receive a design intern at no cost.

3

Sponsor a Scholarship

Scholarships will allow more students to have the opportunity to participate in this experience.

Sponsorship Levels

Community Contributor	\$ 100
Silver Sponsor	\$ 250
Gold Sponsor	\$ 500
Platinum Sponsor	\$ 1,000

**Sponsor-hosts are invited to contribute at their choice of sponsorship level. Monies contributed will be in lieu of intern's salary. The Community Design Studio is a 501(c)3 non-profit. Your contribution is 100% tax deductible.*
